

Camp Starfish Honored by Celtics: Founders Receive “Heroes Among Us” Award

November 26

Deb and Rick are co-founders of Camp Starfish, a summer camp in Brewster dedicated to children from suffering from severe emotional, behavioral and learning problems. The camp, the first of its kind in New England, is based on the principle that each child needs to experience small personal and social successes to build the self-confidence necessary for them to function outside of the camp. By providing a one-to-one ratio between campers and counselors, the camp provides each child with the tools they need to make lasting changes in their lives.
